We cross the Sydney Harbour Bridge and continue north through the scenic Hawkesbury River area, the charming fishing village of Brooklyn and on to the Hunter Valley. A peaceful lush region with over 80 vineyards. Hosted by the local wine producers themselves, your visit to the Hunter is especially tailored to suit the vineyards in flavor at the time.

Relax with morning tea at the Walkabout Nature Park with koalas, kangaroos, emus and dingos.

Follow the convict trail to the outback village of Wollombi. Step back into the history of our company. Visit the local tavern to taste the infamous Dr Jurds Jungle Juice.

Enjoy up to 4 hosted wine tastings, carefully chosen to give a diverse range of wine styles and tastes, so that you may find a special wine to take home. Your lunch is included - and experience of a wonderful selection of tastes from the Hunter.

Then a chocolate indulgence at the Hunter Valley Chocolate Shop complete with a tasting plate. Taste the chilli chocolate at your own peril. Savour a cheese tasting at the local Hunter Winery.
